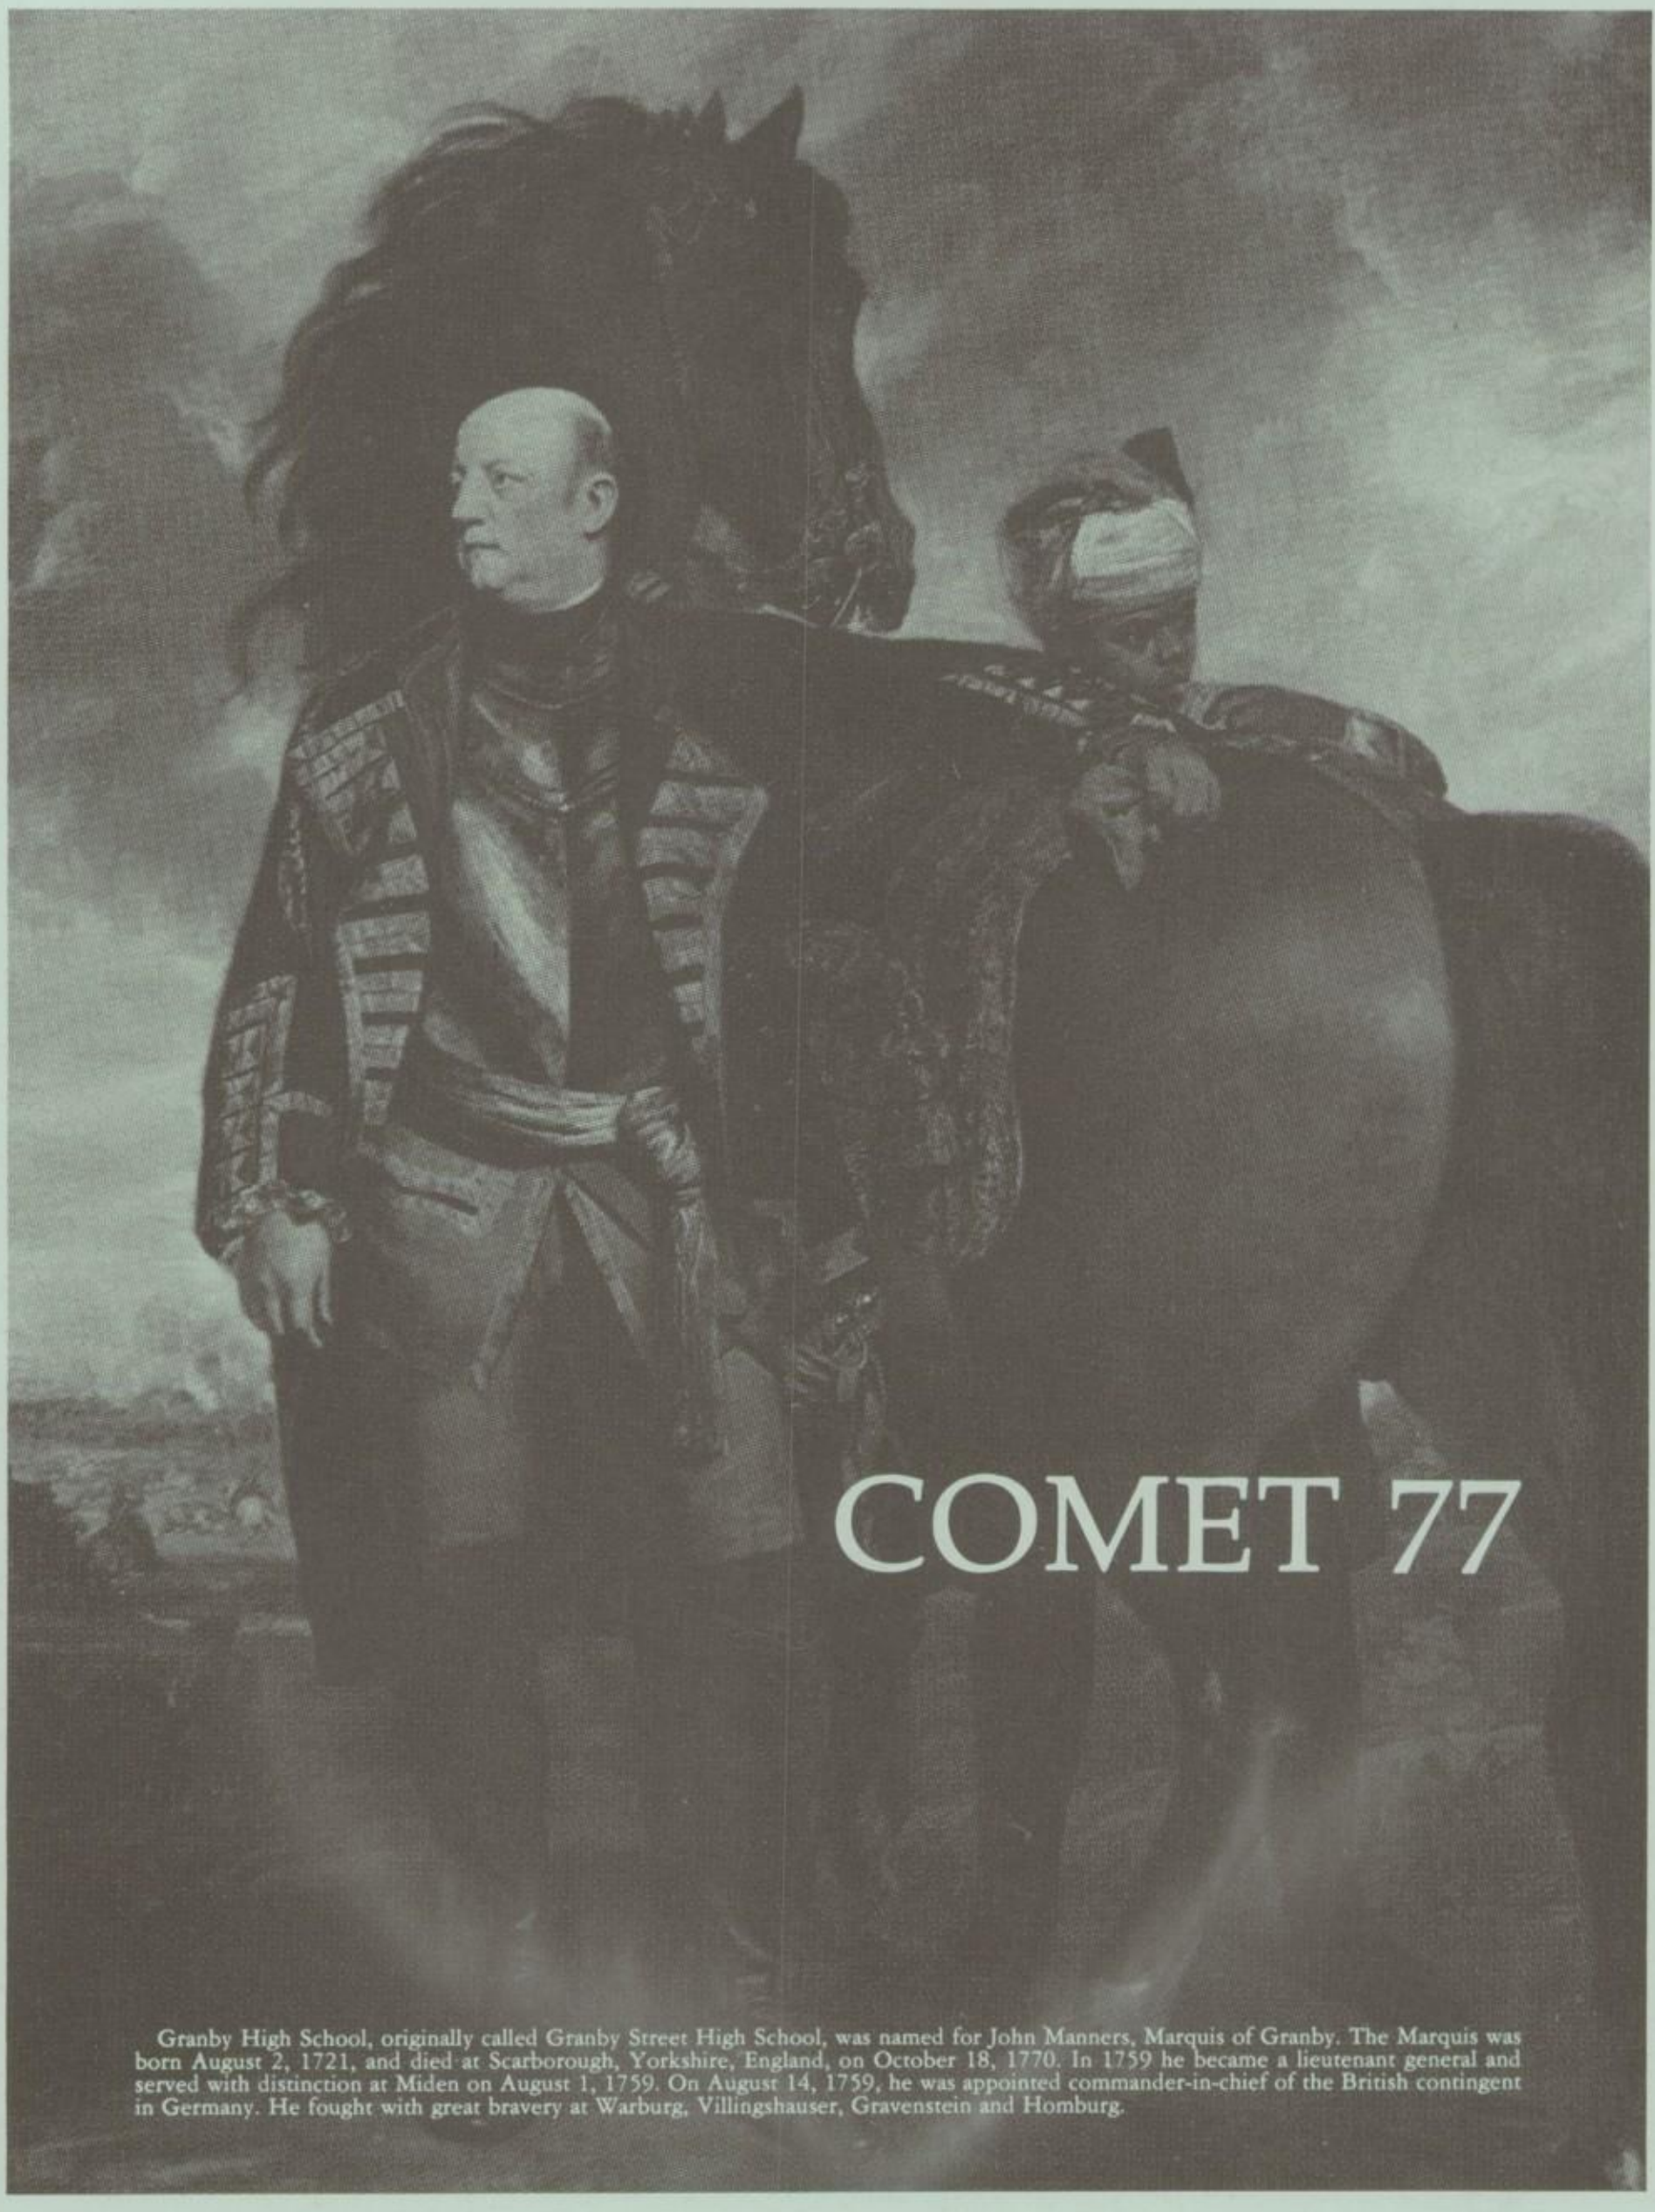
GRANBY HIGH SCHOOL, NORFOLK, VIRGINIA



COMET 77

Granby High School, originally called Granby Street High School, was named for John Manners, Marquis of Granby. The Marquis was born August 2, 1721, and died at Scarborough, Yorkshire, England, on October 18, 1770. In 1759 he became a lieutenant general and served with distinction at Miden on August 1, 1759. On August 14, 1759, he was appointed commander-in-chief of the British contingent in Germany. He fought with great bravery at Warburg, Villingshauser, Gravenstein and Homburg.

THEME

During the past year, we, the students and faculty of Granby High School have celebrated, through social activities, fellowship, education, clubs, athletics, and graduation, the fruits of a full and active school year. As we look to the future, we see the conclusion of one phase of our life and look forward to the celebrations that face us on the horizon: work, college, marriage, service to the country and other future endeavors. Carl Sandburg expressed our thoughts in his poem "I am the People, the Mob." These lines affirm Sandburg's faith in the power of the people to create an equitable society by means of their collective experience and expresses his faith in the human mind and its workings.

I am the people — the mob — the crowd — the mass.
Do you know that all the great work of the world is done through me?
I am the workingman, the inventor, the maker of the world's food and clothes.
I am the audience that witnesses history.
The Napoleons come from me and the Lincolns.
They die. And then I send forth more Napoleons and Lincolns.
I am the seed ground. I am a prairie that will stand for much plowing. Terrible storms pass over me. I forget. The best of me is sucked out and wasted. I forget.
Everything but Death comes to me and makes me work and give up what I have. And I forget.
Sometimes I growl, shake myself and spatter a few red drops for history to remember. Then — I forget.
When I, the People, learn to remember,when I, the People, use the lessons of yesterday and no longer forget who robbed me last year, who played me for a fool — then there will be no speaker in all the world say the name: "The People," with any fleck of a sneer in his voice or any far-off smile or derision.
The mob — the crowd — the mass — will arrive then.

Welcome to Stalag 13.

"No, I didn't stick my finger in a light socket."

"I think I chipped my tooth on my mashed potatoes."

"Come into my parlor and view my Etchings."

As our fates navigate their destined route

In modulations of intensity,

And times necessitate a change of time

Not in relationship but counterpoint;

As each new stroke is added by the brush

Of that practitioner of artistry,

And though we wear the cloak, yet do not know

The composition, or the epigraph;

As each new moment beats upon the pulse,

Let us resolve to try whatever comes,

Not in heat's self-paralysis of hate,

But with compassion's quiet certainty;

And neither flinch, nor find across our course

Memories of unmitigated remorse.

FROHE WEIHNACHT

Christmas at Granby, in addition to the traditional atmosphere, takes on an international flavor, thanks to the efforts of the sponsors and students in the language clubs. A tea for the faculty and club members is held in the library featuring food and beverages from the foreign countries represented by the clubs. In addition to the above clubs, the Latin and Russian groups also participated and it is an event eagerly awaited by one and all.

Don't worry, I'll protect you from Mrs. Nass!

Congratulations Seniors! You've finally made it! Now you are about to begin a most beautiful, yet difficult journey — life. It will never be easy, but don't ever lose sight of your goals. Hold on to all of your precious memories for they will always be a large part of you. However, don't live in the past, but look to the future, because you are the future. You are the teachers, doctors, leaders of the next generation. As you go on your separate ways, try to live and enjoy life to the fullest, as well as learn from everyone of its experiences.

The 1977 Comet has meant many things to us — class tardiness, pizza parties, and most of all, many long hours of hard work. Many people have played important roles in the production of this book. To them we wish to express our gratitude: the entire Comet staff; Hunter Publishing Company and Mr. John Perry; the Granby High School Administration and Faculty; and most importantly, our advisor, Mr. Robert Brewer. Not only has he experienced our mistakes, tempers, and general moods of depression, all without complaining too loudly, he also gave us that little extra push that was often needed. Finally, we would like to thank you, the Student Body, for your cooperation in helping us to chronicle the past year. On behalf of the 1976-77 Comet staff, we would like to wish all of you the best of luck in every possible way.
